**Activity Weekend
TechFest Goes Quiet**

Saturday 24th August 4 pm - 6 pm

For families with children who have additional support needs, we
have opened up our festival to allow you to enjoy the events as a
family at your own pace in a supported environment away from
the hustle and bustle of the crowds.

After you have enjoyed the workshops, relax with a cup of tea or
juice.

TechFest is happy to support your individual requirements,
please contact us to discuss how best we can support you.

TECHFEST

Aberdeen and North-East Scotland's
Festival of Science, Technology,
Engineering & Mathematics

Our Activity Weekend is at the Sir Ian Wood Building and you will enter and exit through the doors at the front of the building.

TECHFEST

Aberdeen and North-East Scotland's
Festival of Science, Technology,
Engineering & Mathematics

www.techfestsetpoint.org.uk/festival

When inside you will be greeted by a member of our TechFest team. You will hand them your money on the way in and in return they will give you a wristband

You don't have to wear the wristband if you don't want to, you can keep it in your pocket.

Once you've passed the reception, the fun begins!

We have over 30 different workshops for you to take part in, although you don't have to do everything, work your way around them at your own pace.

Many workshop rooms are marked on the map below in blue.

There are toilets around the building you can use - these are marked on the map in purple, accessible ones are marked in yellow, and you can use them at any time.

There are lots of different activities which you can take part in,
here are pictures of some of them!

The Activity Weekend is very exciting so some children may
shout or cheer - this is nothing to worry about, that is some
children's way of showing they are having fun!

We also have three different shows which you can watch and
enjoy.

TECHFEST

Aberdeen and North-East Scotland's
Festival of Science, Technology,
Engineering & Mathematics

www.techfestsetpoint.org.uk/festival

During the shows there may be parts which are quite loud, but don't worry you will be warned before it happens and nothing can hurt you.

If anything at our Activity Weekend is too loud then you are welcome to put your hands over your ears or take headphones with you to wear.

During or at the end of the shows, some people may clap. Clapping is something many people do to let the presenter know they enjoyed the show. You can clap if you want to, but you don't have to. You can also give them a thumbs up, smile, wave your hands, or any other way you show you are happy if you prefer.

If you decide you would like a break from the fun, there are lots of comfy sofas around the building, or we have a quiet room which is marked on the map below.

You are welcome to take your own lunch with you, or you can buy lunch at the festival. There is a lunch space with lots of tables and chairs to sit down at.

You might get to meet our TechFest mascot Techie at the Activity Weekend, he's very friendly and can't hurt you.

Throughout the day you will see lots of the TechFest team in turquoise or purple t-shirts. If you have any problems or questions please speak to one of us.

We hope you have a great time at the festival!
